

# CARGO TRAFFIC COORDINATOR

## JOB DESCRIPTION

- Flight / Truck Handling (Coordinating the turnaround of our aircrafts on the apron)
- Warehouse Supervision (Supervising the build-up of our cargo on our ULD's)
- Pre- and Post-Flight Data Processing
- Handling customer queries regarding import and export freight
- Flight and truck Planning (Providing build-up instructions to our GHA's in AMS and BRU)
- Import and Customs data processing
- General administration and assisting the Sales/Reservations team (E-mail/Telephone)

## PROFILE

- Fluent in English and Dutch, both spoken and written.
- Proficient in computer skills, including Google Workspace.
- Persuasive, detail-oriented, decisive, organized, and focused on solutions and results.
- Flexible work attitude with the ability to work weekends and evenings.
- Basic knowledge of air cargo, including customs formalities and procedures.
- At least one year of experience in an air cargo-related environment.
- Completion of advanced air cargo courses recognized by IATA, such as Dangerous Goods Acceptance and Basic Load Control (preferred).
- Must be eligible to live and work in the Netherlands (Korean Air will not provide support for work permit applications). Security screening (Veiligheidsonderzoek Staat van Inlichtingen B - burgerluchtvaart) will be required.
- A valid driver's license is necessary.

## OUR OFFER

We offer our staff complete and competitive salary packages, travel benefits, and career development support at our training facilities in Seoul, as well as through our e-Learning programs for those seeking a long-term future with our company. The abovementioned position is full-time during weekdays. The 'Veiligheidsonderzoek Staat van Inlichtingen B - Burgerluchtvracht' is part of the selection procedure.
